

REGISTERING COACHES

COACHING COMPLIANCE FOR U6 TO U9 & DIV. 1 TEAMS

All clubs who enter teams in the U6 to U9 age groups are required to have their coaches accredited. Teams in Div. 1 whose coaches are not accredited will play for ZERO points.

PHOTOS

PHOTOS THAT ARE CLEARLY OUTDATED OR OF A POOR QUALITY WILL BE REMOVED & REGISTRATION REJECTED

Please take the time to inspect your members ID photos before approving their registrations. Obvious outdated photos will be removed and registrations rejected. Please also inspect for the following: Players wearing sunglasses and hats that obscure their easy identification & players in fancy dress. Please refer to our section of photographs for more restrictions.

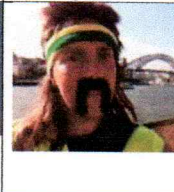

You do not need to take a new photo of every player, every year. You need to take a photo of each person registering when they are a new registration to your club. Then you'll need to re-photograph your returning players in the year they are turning 6, 9, 12, 15 & 18. You'll also need to inspect your existing player's photographs, if they are not clear and easily identifiable, you will be asked to take a new photo. Keep photo background simple. Backdrops that make a photo unclear, may lead to the photo being rejected. We must insist on clearly identifiable photos. Refer to the section on photos - what's ok and what's not.

It is your responsibility to ensure that photos are current & clear and this is getting easier and easier to do each year, so don't grumble, just get on with it and check them out. Divide the job up between committee members, but don't let poor photos be the reason that a player misses out on registration.

Photos of members wearing sunglasses or hats that cover all or part of their face will be rejected. Head dress of a religious nature is permissible provided it does not cover the face.

Photos can be imported into Dribl.

I.D. PHOTOS – WHAT'S NOT ACCEPTABLE

				
Check photos uploaded in PlayFootball – never under estimate the club Joker!	No Good - Too Light & Missing Chin	No Good –the face is not easily identifiable and there's too much background.	Unacceptable - Face Covered	Happy Wedding Too Many People!
				
No Good – Too dark, too grainy	Eeeeeewwww...too dark, too yellow, out of focus, and too much body	No Fancy Dress	Too much body – head shots only please	Oh come on! Who's registering?????
				
No Good – Too dark, face not clear, too much background	No sideways photos – please rotate	No Black & White	Hat! Glasses! Torso! What? No Handbag?	Just right!

Head & Shoulders shot - only one acceptable
